

Medical Education and Research Institute of Nevada (MERIN)

F. Brantley Scott Center of Education (COE)

Male Continence Program

June 17-18, 2011

(Arrive by 4:00 pm June 17 & depart after 3:00 pm June 18)

The Medical Education and Research Institute of Nevada (MERIN) is an integrated Peer-to-Peer educational program focused on Male Continence. Upon completion of the program, participants will be equipped to identify appropriate patients, master the skill sets involved with male continence restoration and successfully implant the AdVance[®] Male Sling and the AMS 800[®] Artificial Urinary Sphincter (AUS).

The program will begin with pre-work and scheduling of patients; and will conclude with peer-to-peer follow up.

F. Brantley Scott Centers of Education (COE)

The Scott Centers of Education (COE) model offers best-in-class peer-to-peer physician training for Pelvic Health. The Scott COE's have been created to ensure the highest standards in the quality and consistency of physician education. The programs offer integrated adult learning techniques, state-of-the-art learning tools and clear learning pathways to ensure participants are equipped to master the skills involved in the treatment of pelvic health disorders.
